

# Fundraising with the Charity Miles App

## The Charity Miles App

The Charity Miles App is a free iPhone and Android app that helps you turn your miles into support for the Leukemia Research Foundation. Here's a quick guide for navigating the app.

### Homepage

- » Track your step count and see how many days in a row you have used the Charity Miles App.
- » The app works like a fitness tracker and syncs with your phone's motion sensor and GPS.

### Activity tracker

- » Track your run, walk, or cycle.
- » Take a photo and share with your friends and family by swiping-up during an activity and taking a selfie.

### Teams

- » Join the Leukemia Research Foundation group to see your progress and track other members.

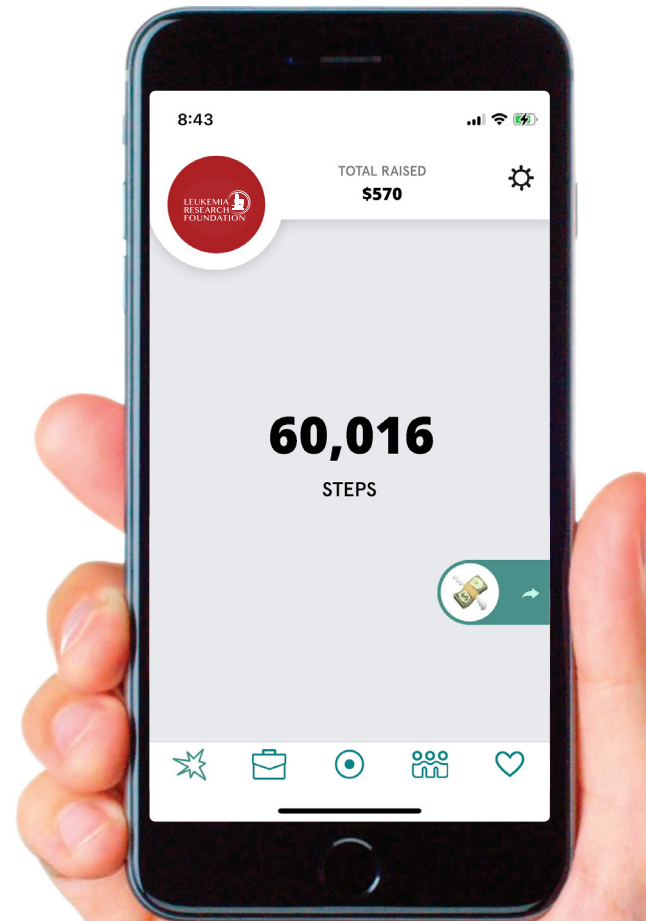

### Get sponsored

- » Ask your friends and family to sponsor you to start fundraising.
- » Know a company who'd like to sponsor miles for Leukemia Research Foundation? Connect them with Arleen Boudart at [arleen@lrfmail.org](mailto:arleen@lrfmail.org).

## Get started today!

Scan the QR code at the right to download the Charity Miles App – it will automatically connect the Leukemia Research Foundation as your charity.
